[Press Release]

PASCO Launches the Group Website to Boost its Global Geospatial Business

PASCO CORPORATION (Headquarter: Meguro-ku, Tokyo, Japan; President and CEO: Mr. Yuji Mesaki, hereinafter PASCO) has launched a new Global Website where the customers can find a wide variety of services that PASCO Group can provide. The group companies of PASCO are located in many parts of the world including Europe, North and South America, and South East Asia. As a leading geospatial data service provider, PASCO Group serves the customers globally. The new website is aimed at taking advantage of the synergy within PASCO Group to further strengthen the Group's business activities across the world.

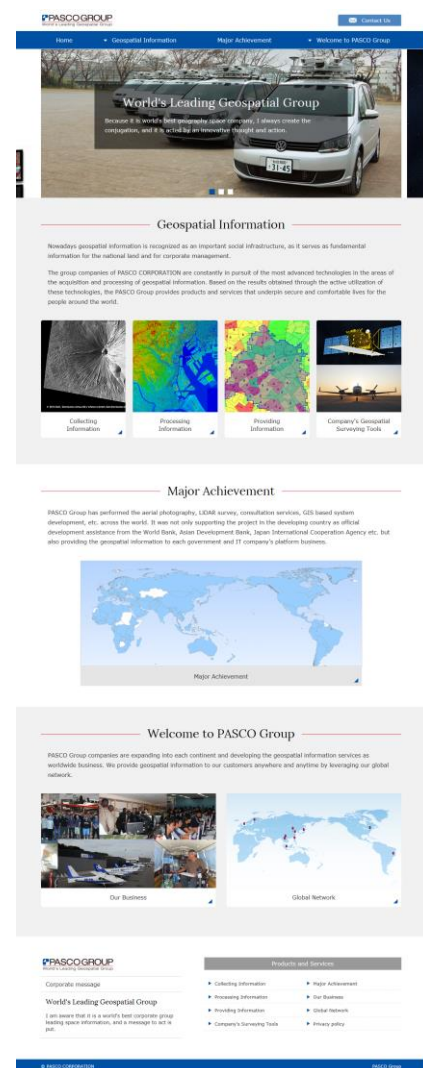

The levels of technical knowledge and application needs as prerequisite for geospatial business are dependent on different situation of the developing, emerging and advanced countries. PASCO Group is aiming to expand its business through Global Website as information of the collective capability for appropriately finding the growing geospatial information demand.
